“Life after war ”

From July 10 to 24, we held another rehabilitation gathering of veterans who lost their sight while defending Ukraine. The meeting was held on the basis of the Rivne Regional Complex Rehabilitation Center in the village of Oleksandria.

According to detailed calculations, the Fund's share in the joint project with the Public Union of People with Visual Disabilities "Modern View" amounted to **€11,705.86**. Taking into account the prepayment of **€6,000** made in June, for the final settlement, another **€5,705.86** was transferred in July. After completing the rehabilitation and calculating the actual costs, we have a balance of **€428.34**, which will be credited to the payment of the next course.

Unfortunately, the war continues and the number of defenders of Ukraine who have lost their sight is growing. Therefore, we cannot stop and are already planning the third course of social rehabilitation in September, and in the future we greatly count on your support.

- Simonas Grybauskas for two pairs of cool Wiley X Aries tactical gloves for the crew of the Su-24M bomber;

GRATITUDE

I sincerely thank everyone, regardless of the amount of the donation, who supports the Ukrainian people in the fight against racism.

Thanks to you, in July we were able to conduct another social rehabilitation course for veterans who lost their sight while defending Ukraine, aimed at their return to an active, maximally independent life.

Thanks to you, we have taken another small step towards our common victory.

Every donation, even a small one, can make a big difference !
