“Life after the war ”

On November 12-26, we held our regular rehabilitation and recovery camp, the fourth since the beginning of the year, as part of the Life After War project. This time, it was designed for veterans who have already completed a basic social adaptation course and have a clear motivation to shape their future lives.

The course program is new, maximally improved, filled with complex routes and activities in the regional center. The participants of the second stage of training traveled on their own along complex combined routes to different locations, where they studied and made purchases on their own. In addition, much attention was paid to professional orientation: an in-depth computer literacy course, a basic massage course, a course on social and project activities, learning and practicing Braille, and playing board games.

The foundation's share in the project, jointly with the **NGO "Modern View,"** amounted to **€16,722.19**. In November, an advance payment of **€10,076.48** was made. The final payment will be made in December, after signing the Act of Completion.

This two-week rehabilitation course was made possible by our partners: **TV3 group of Lithuanian TV channels** and their viewers who made their donations by calling a short number from August 25 to 31, **Bistum Magdeburg** and **Gybytojų odontologų draugija**.

ASSISTANCE

We are sincerely grateful for your in-kind support in November:

To the tireless **Vidmantas Petrukaitis**, **Wild Bees Lietuva** and **Alyona Timonina** for the shanks of the hellish "gifts" our Defenders regularly send to the enemy "behind the collar" from attack drones. This time, the fighters of the Mykolaiv TRO Brigade are expressing their gratitude once again;

A German company, which wishes to remain anonymous, has donated a large batch of surgical instruments and equipment for craniofacial surgeons in Ukraine. All humanitarian aid is already in Ukraine and will be used for its intended purpose

GRATITUDE

I sincerely thank everyone, regardless of the amount of the contribution, who does not get tired of supporting Ukraine in the time of desperate and bloody resistance to racism!

Thanks to you, in November, six of our defenders who lost their eyesight while defending Ukraine took another step towards an active, full life as part of the Life After War project.

Together with you, we continue to prove that life after war must go on.

Every donation, even a small one, can make a big difference!
