## “Life after the war ”

In December, we finally paid for the organization and conduct of a rehabilitation and recovery camp for veterans who lost their eyesight while defending Ukraine. The rehabilitation took place from November 12 to 26 in Rivne, in partnership with the Organization “Contemporary View”.

According to preliminary calculations, the Foundation's share amounted to **€16,722.19**.

In November, a prepayment of **€10,076.48** was made.

Unfortunately, due to health problems and family circumstances, several veterans were unable to attend the meeting.

Therefore, the Foundation's share decreased to **€13,527.73**.

Accordingly, the final payment amounted to **€3,451.25**.

The unused funds will be used for the next rehabilitation and restoration training camp, which is scheduled for February-March 2024.

Let me remind you that this two-week rehabilitation course was made possible thanks to our partners: **TV3 group of Lithuanian TV channels** and their viewers who made their donations by calling a short number from August 25 to 31, **Bistum Magdeburg** and **Gybytojų odontologų draugija**.

## ASSISTANCE

We are sincerely grateful for your in-kind support in December:

- To the tireless **Vidmantas Petrukaitis**, **Wild Bees Lietuva** and **Alyona Timonina** for the shanks of the hellish "gifts" our Defenders regularly send to the enemy "behind the collar" from attack drones. This time, the fighters of the Mykolaiv TRO Brigade are expressing their gratitude once again;
- **A friend of Ukraine from Latvia**, who wishes to remain anonymous, for two Mavic 3 Pro Fly More Combo drones for the 79th Air Assault Brigade and 36th Separate Mechanized Brigade;
- **The Trench Candles Vilnius team led by Olena Sokolova** for trench candles for the Chernihiv company of the Special Forces Patrol Service;
- **#daiktaifrontui** - for the traditionally lightning-fast delivery of goods to the defenders of Ukraine;

## TARGETED DONATIONS

Along with our main projects, we are always happy to respond to requests from benefactors to buy something that is extremely necessary for a specific unit of the Armed Forces of Ukraine. All those who are defending Ukraine in this difficult time with arms in their hands are our number one priority.

In December was purchased for the Mykolaiv TRO unit:

- DJI Mavic 3 Pro Fly More Combo worth **€2,600**
- 15 poncho coats (thermal imager protection) worth **€30 375**

We thank **#daiktaifrontui** for the timely delivery of the quadcopter to Ukraine

## GRATITUDE

**I sincerely** thank everyone, regardless of the amount of the contribution, who stands with us side by side in supporting Ukraine and its defenders in the fight against racism.

**Thanks to you**, in December we finally paid for the next, the fourth rehabilitation and restoration collection since the beginning of the year, as part of the Life After War project.

**Thanks to you**, we have sent to the frontline many critical items that help deter the aggressor and save the lives of Ukrainian soldiers.

We continue to rely on your help as the war continues and the enemy continues to try to break the will of the Ukrainian people in their quest for freedom and independence.

Every donation, even a small one, can make a big difference!
